**E. IMPORT OF WILD-COLLECTED APPENDIX-I PLANTS (CITES)**

Complete all questions on the application on separate sheets of paper or electronic document. Mark questions that are not applicable with "N/A". On all attachments or separate sheets you submit, indicate the application question number that you are addressing. If applying for more than one species, answer questions 1-7 for **each** species requested for import in this application. For species that are protected by the U.S. Endangered Species Act, please use form 3-200-36 instead of this form since additional questions related to the Endangered Species Act must be addressed.

**NOTE:** Import of wild-collected specimens of Appendix-I plants cannot be for primarily commercial purposes, as outlined in [Resolution Conf. 5.10](#) (Rev. CoP15).

Electronic submission of inventories, photographs, and receipts: Some applications contain extensive inventories and/or a large number of photographs or receipts. You may provide electronic versions of the documents. Such a submission will assist in expediting the processing of your application since it may reduce data entry by the U.S. Fish and Wildlife Service. If you wish to provide information electronically, once you have received an application number via the e-mailed acknowledgment letter, e-mail your information to [Permits@fws.gov](mailto:Permits@fws.gov). Be sure to include the application number provided in the acknowledgment e-mail that will be sent to you when we receive your application.

I will be submitting documents electronically.

1. Name and address where you wish the permit to be mailed, **if different from page 1**. If you would like expedited shipping, please enclose a self-addressed, pre-paid, computer-generated, courier service airway bill. If unspecified, all documents will be mailed via regular mail through the U.S. Postal Service.
  
2. Who should we contact if we have questions about the application (name, phone number, and e-mail)?
  
3. Disqualification factor. A conviction, or entry of a plea of guilty or nolo contendere, for a felony violation of the Lacey Act, the Migratory Bird Treaty Act, or the Bald and Golden Eagle Protection Act disqualifies any such person from receiving or exercising the privileges of a permit, unless such disqualification has been expressly waived by the Service Director in response to a written petition. (50 CFR 13.21(c)) Have you or any of the owners of the business, if applying as a business, been convicted, or entered a plea of guilty or nolo contendere, forfeited collateral, or are currently under charges for any violations of the laws mentioned above?  
 No      Yes

If you answered "Yes" to Question 3, provide: a) the individual's name; b) date of charge; c) charge(s); d) location of incident; e) court, and f) action taken for each violation. Please be aware that a "Yes" response does not automatically disqualify you from getting a permit.

  - b. Quantity of specimens requested for import;

  - c. who (name and address) will/did collect the specimens;

  - f. ratio of the number of specimens collected to the number of plants remaining at the collection site.
7. Copy of any required foreign permits to export the requested specimens or documents from the foreign government or other entities that indicate that the specimens were legally collected from the wild (e.g., collection permits, landowner permission).
8. Provide details on the use of the specimens (e.g., scientific research, cooperative propagation program) and documentation to support that use.
